ORD is hosting an informational webinar to provide details about the new Regional-ORD Applied Research (ROAR) program. ROAR provides opportunities for ORD scientists to apply their expertise to regional, state, tribal and community issues and explore new research challenges in collaboration with regional partners. ROAR was created from an ORD/Regional Kaizen effort to integrate the previous ORD/Regional collaborative research programs (RARE, RESES, and RSTIP).

This webinar is for ORD and Regional staff who are interested in learning about this new program and how to apply. A recording of the webinar will be made available and a second webinar will be held on Nov 4, which will

cover the same information.

More information about the program is available [here](#).

If you have questions, please contact your [RSL](#), or Nick Geroux ([Geroux.nicholas@epa.gov](mailto:Geroux.nicholas@epa.gov)) and Deirdre Turner ([turner.deirdre@epa.gov](mailto:turner.deirdre@epa.gov)).
